HUB of Excellence Process Evaluation

Dianne Diniz¹, Mina D. Singh², and Janet Jeffrey²

¹Faculty of Health Sciences, Collaborative Nursing Degree Program & Post Graduate Nursing Education, George Brown College
²Faculty of Health, School of Nursing, York University

The HUB of Excellence in Nursing Education for Rural and Remote Areas is designed to reach practicing nurses in rural and remote areas of Ontario. Evaluation of the program is proposed to ensure accountability for its Ministry of Health and Long Term Care (MOHLTC) mandate. Program evaluation is an essential aspect of accountability in any program, where, accountability includes meeting program objectives and evaluating the effectiveness of the program.

Benefits to College:
The benefits to the Nursing Secretariat include lessons learned in the implementation of an e-learning project from the perspective of the Project Team.
